Passionate
about people
and passionate
about space

**Be part of the
space future!
We've got the
job for you!**

We care:

- HE Space, a CS company, is an international contracting services company dedicated to the space sector.
- We employ space experts in the fields of engineering, science, operations, software development and administration.
- Our employees contribute towards every major European space programme.
- Notable players like ESA, ArianeGroup, Airbus Defence and Space, EUMETSAT, DLR, EUSPA and many more have drawn on our expertise for over 40 years.

" We make a point of being approachable. Are you one of the talented individuals who could fit one of our many exciting jobs? Looking forward to meeting you! "

**" They say
a company is only as good
as its people so I find it very
inspiring to source and recruit
the best talent for
well-established organisations
in the space industry. "**

**Annie Kontou,
Recruiter**

We offer:

- Career opportunities all over Europe
- Training and professional development
- Networking with your colleagues from HE Space, CS GROUP and Sopra Steria
- Relocation support
- Professional career advice
- First class HR support

**Boost
your
career**

Join a company that:

- Keeps close contact with their employees
- Invests in your future
- Builds the best teams
- Combines recruiting, relocation, onboarding and human resources management
- Really understands the space business
