

HE Space is a successful international space company. For 40 years, we have been supporting our customers with qualified experts in the field of engineering, science and administration. We are currently looking for a Hyperspectral Infrared Sounding L1 Expert to support our customer in Germany.

Hyperspectral Infrared Sounding L1 Expert

Key Tasks and Responsibilities

As part of the Hyper-spectral Infrared Level 1 (HSIRL1) team, within the Atmospheric Profiling Competence Area of the Remote Sensing and Product Division, you will have the following responsibilities:

- Integration and verification of external software deliveries in the prototype processor;
- Development and documentation of prototype software and test procedures, maintenance of HSIRL1 monitoring tools, generation of test data;
- Development and maintenance of inter-comparison with other infrared data tools;
- Statistical analysis and visualization of calibrated Level 1 radiances;
- Support the transfer and exchange of the expertise developed with IASI L1 to the other hyper-spectral infrared missions (IASI-NG and MTG-IRS);
- Contribute, coordinate, and update the IASI L1 PPF processing running in the ground segment with new auxiliary files and write validation reports;
- Generate automatic daily production of Brightness Temperature maps;
- Improvement of L1 readers capabilities.

Skills & Experience

You will have the following qualifications and relevant experience:

- University degree in computer science, mathematics, physics, astrophysics, meteorology, or remote sensing or equivalent;
- Infrared instruments data processing (preferably high resolution, Hyperspectral sounders, like IASI);
- Developing and testing complex scientific software, handling, and processing big amounts of data;
- Numerical algorithms and satellite data analysis;
- Object oriented techniques and software tools for version control;
- UNIX/Linux operating systems knowledge with use of shell/python scripts;
- Advanced use of high-level programming languages such as C++, Python, IDL;
- Fluency in English is mandatory; knowledge of another French language is an advantage.

Passionate about people and passionate about space

This job is located in Darmstadt. We welcome applicants who are available as soon as possible.

If you think you have what it takes for this job, please send your CV together with a letter of motivation (both in English and in Word or PDF) to Kalina Traykova, by clicking on the button "Apply for this job" quoting job **DE-HP-4902** before **28-Sep-22**.

An exciting and dynamic international working environment awaits you!

Please note: Due to work permit requirements for this position, please apply only if you are citizen of a European Union state or if you are eligible to obtain a work permit for Germany.
